a little bit more

Hi there! I'm Josephine and in 2022, I founded a small company with a big heart. Here's my story.

about us

I grew up in an entrepreneurial family and by seeing so much passion it naturally became my dream to also become an entrepreneur myself one day.

In 2017, I went on a wonderful adventure and moved to Valencia, Spain. Living there, I quickly fell in love with the Spanish lifestyle and weather.

Back home, I noticed how dull most interiors were and I wanted to bring a piece of Spanish sunshine into my home. Since I couldn't find on the market what I was looking for, I decided to design it myself.

I started drawing and took ceramics classes to get more familiar with the material.

The choice of ceramics came naturally, as I grew up in it. My parents have a company specialised in colourful ceramic animals, called Pomme pidou.

Fastforward to 2022. I finally got the hang of it and designed my first collection. Qué Rico was born!

Patterns

The patterns are inspired by nature and Spanish architecture. The collection contains many organic shapes and has both soft and bold colours.

Our main aim was to create a cohesive look through colour, pattern and shape. In doing so, our collection fits into any interior.
